Had the initial screening for FB, US and cleared it. The interviewer was from Switzerland and was very He clearly explained that the 40 mins of time would be used to answer 1 and if possible 2 coding questi to worry about if I was unable to complete the second problem. The 2 questions asked were :

https://leetcode.com/problems/squares-of-a-sorted-array/

A small variation of : https://leetcode.com/problems/random-pick-with-weight where the weights would k

Also a good emphasis on the time and space complexities was there.

Hi there!

If you could please edit the post title to the following layout: Company Name | Stage (Phone, Onsite, OA) | We ask that you can follow these guidelines here, thank you!
